

Team ID	PNT2022TMID18511
Project Name	Car Resale Value Prediction

## Project Objectives

### **Project Outcomes:**

- You'll be able to understand how to connect html page with flask using machine learning algorithms.
- You will be able to know how to pre-process/clean the data using different data pre-processing techniques.
- Applying different prediction techniques(RandomForest Regressor).
- You will be able to know how to evaluate the model.
- You will be able to build web applications and deploy in IBM cloud.
